PROFILE

Information Technology honours undergraduate at the University of Vavuniya, building full-stack web and mobile applications. Project experience spans e-commerce, campus access management and personal finance, using React, Next.js, Spring Boot and Node.js. Seeking software development internships and entry-level IT opportunities.

TECHNICAL SKILLS

Languages: Java, JavaScript, TypeScript, Python, C/C++, SQL

Web & mobile: React, Next.js, React Native, Expo, HTML, CSS

Backend & data: Spring Boot, Node.js, Express, PostgreSQL, MongoDB, MySQL, SQLite, Firebase

Tools: Git, Docker, Vercel

SELECTED PROJECTS

Buyora | E-commerce application | [Repository](#)

Next.js, Spring Boot, PostgreSQL, Redis, Docker

- Developed an e-commerce project with a Next.js storefront, customer accounts and an administration interface connected to a Spring Boot API.
- Implemented catalog, cart, checkout and administrative workflows; backend infrastructure includes PostgreSQL, Redis and object storage.

University Gateway | Campus access management | [Repository](#)

React Native, Expo, Express, MongoDB

- Built a web and mobile application for campus vehicle access and equipment gate-pass requests, with separate officer, faculty and administrator workflows.
- Added QR staff passes, arrival and departure records, searchable vehicle history, PDF reports and audit history.

cashManage | Personal finance application | [Repository](#)

React, JavaScript, Express, SQLite, PWA

- Created an installable finance PWA with encrypted offline storage, budgets, debt tracking, CSV statement import and PDF/CSV reports.
- Implemented shared cashbooks with owner, editor and viewer roles, backed by an Express and SQLite account server.

Lanka Agri-Direct | Group project | Team member | [Repository](#)

Spring Boot, React, React Native, MongoDB, Docker

- Contributed as a team member to a direct-to-consumer agricultural marketplace connecting Sri Lankan producers and consumers, supporting produce distribution and order management.

EDUCATION

B.Sc. (Hons) in Information Technology | 2023 - Present

Faculty of Applied Science, University of Vavuniya

Selected for the IT Honours programme in 2026. Coursework includes object-oriented programming, data structures and algorithms, database systems and web development.

CERTIFICATIONS

JavaScript Essentials 1 & 2 - Cisco Networking Academy; Introduction to SQL - Sololearn.

LEADERSHIP & COMMUNITY

IEEE and AIESEC member (2023 - present). IEEEExtreme 17.0 and 18.0 participant; IEEEExtreme 18.0 organizing committee member. JamporIEEE logistics team and hackathon volunteer.
